11. [REDACTED] Delivered to Ed Braswell, Chief Counsel, Senate Armed Services Committee, the memorandum containing additional information on entitlements and other arrangements for Thai volunteers in Laos. I was very specific with Braswell that this document was provided for Senator Stennis' information and his and was not to be used in any secret sessions of the Senate in its present form. I told him I understood the State Department was providing him with a piece on Laos which covered this subject in somewhat less detail in response to his request to State for material for use in a secret floor debate. I told him I had seen a draft of this paper and thought it was quite good. Braswell said State had in fact delivered the paper to him but that he had not had an opportunity to study it in detail. He glanced over our paper but made no comment on it.

I also left with Braswell a copy of an OSR paper comparing the performance and capabilities of the Soviet "Backfire" and U.S. B-1 bomber.
